The Annual General Meeting provides a forum for shareholders to ask questions and make comments on the Company's reports and accounts and on the business and operations of the Company for the year ended 31 December 2020.

In addition, shareholders may, at the meeting, ask questions of the auditor in relation to the following matters:

If the Company's Remuneration Report resolution receives 'NO' votes of 25% or more of the votes cast at the meeting, the Company's subsequent remuneration report will include a report on actions taken by the Board in the Company's next annual report.

The Board will take the outcome of the vote, even if it received a less than 25% 'NO' vote into consideration when reviewing the Company's remuneration policy. A 'NO' vote of 25% or more **was not** received at the Company's 2020 Annual General Meeting.

Voting Exclusion	A voting exclusion statement applies to this Resolution.

## 6. Resolutions 7, 8 and 9 Share Capital Approvals/ Ratifications

**Resolution 7** seeks Shareholder approval for the purposes of ASX Listing Rule 7.1 to ratify the previous issue of 76,752 shares on 16 November 2020 to a contractor in lieu of receiving cash payment for services rendered.

Subject to certain exceptions, ASX Listing Rule 7.1 restricts a company from issuing or agreeing to issue equity securities in any 12 months period which amount to more than 15% of the Company's ordinary securities on issue at the commencement of that period without shareholder approval.

ASX Listing Rule 7.4 permits the ratification of previous issues of securities made without prior shareholder approval provided the issue did not breach the 15% threshold in ASX Listing Rule 7.1. If subsequent approval for the issue is provided by shareholders, it will "refresh" the Company's ability to issue shares up to the 15% limit without the need for shareholder approval.

The Company seeks shareholder ratification of the issue of shares under the previous share issue on 16 November 2020 so that the Company will have flexibility to issue further securities should the need or opportunity arise.

If Resolution 7 is not passed, the securities will be included in calculating the Company's combined 15% limit in Listing Rule 7.1, effectively decreasing the number of equity securities the Company can issue without Shareholder approval over the 12-month period following the date of issue of the securities.

In accordance with the requirements of ASX Listing Rule 7.5, the following information is provided to shareholders to allow them to assess Resolution 7:

- a) A total number of 76,752 Shares were allotted and issued.
- b) The shares were issued at an issue price of \$0.107 per share.
- c) The shares were issued to Denny Payne of CPG Consulting for recruitment services provided to the Company
- d) The shares were issued for cash consideration.
- e) The shares issued were fully paid ordinary shares and rank equally in all respects with the existing fully paid ordinary shares on issue.
- f) The shares issued were used to conserve the Company's cash reserves.
- g) The securities were issued on 16 November 2020.
- h) A Voting Exclusion Statement has been included for the purpose Resolution 7.

**Resolution 8** seeks Shareholder approval for the purposes of ASX Listing Rule 7.1 to ratify the previous issue of 16,900,000 shares on 27 May 2021 to sophisticated investors under the Placement.

Subject to certain exceptions, ASX Listing Rule 7.1 restricts a company from issuing or agreeing to issue equity securities in any 12 months period which amount to more than 15% of the Company's ordinary securities on issue at the commencement of that period without shareholder approval.

ASX Listing Rule 7.4 permits the ratification of previous issues of securities made without prior shareholder approval provided the issue did not breach the 15% threshold in ASX Listing Rule 7.1. If subsequent approval for the issue is provided by shareholders, it will "refresh" the Company's ability to issue shares up to the 15% limit without the need for shareholder approval.

The Company seeks shareholder approval to provide the Company flexibility to issue further securities in the Company should the need arise as for the Company to undertake an acquisition using securities as consideration, to conduct a capital raising, or for other purposes.

If Resolution 8 is not passed, the securities will be included in calculating the Company's combined 15% limit in Listing Rule 7.1, effectively decreasing the number of equity securities the Company can issue without Shareholder approval over the 12-month period following the date of issue of the securities.

In accordance with the requirements of ASX Listing Rule 7.5, the following information is provided to shareholders to allow them to assess Resolution 8:

- a) A total number of 16,900,000 Shares were allotted and issued.

- b) The shares were issued at an issue price of \$0.10 per share.
- c) The shares were issued to 45 unrelated sophisticated investors who participated in the Placement. The investors are clients of the Lead Manager, CPS Capital, who were invited to participate in the Placement. The Lead Manager proposed the Placement to existing clients who qualify as sophisticated investors and have previously shown an interest in offers of this nature.
- d) The shares were issued for cash consideration.
- e) The shares issued were fully paid ordinary shares and rank equally in all respects with the existing fully paid ordinary shares on issue.
- f) The shares issued were under the Placement to raise \$3.25 million (before costs) to fund the Company's operations.
- g) The securities were issued on 27 May 2021.
- h) A Voting Exclusion Statement has been included for the purpose Resolution 8.

**Resolution 9** seeks Shareholder approval for the purposes of ASX Listing Rule 7.1 to ratify the issue of 5,534,000 Options on 27 May 2021 to the Lead Manager CPS Capital (or their nominees) as provided under the Placement mandate.

Subject to certain exceptions, ASX Listing Rule 7.1 restricts a company from issuing or agreeing to issue equity securities in any 12 months period which amount to more than 15% of the Company's ordinary securities on issue at the commencement of that period without shareholder approval.

ASX Listing Rule 7.4 permits the ratification of previous issues of securities made without prior shareholder approval provided the issue did not breach the 15% threshold in ASX Listing Rule 7.1. If subsequent approval for the issue is provided by shareholders, it will "refresh" the Company's ability to issue shares up to the 15% limit without the need for shareholder approval.

The Company seeks shareholder approval to provide the Company flexibility to issue further securities in the Company should the need arise such as for the Company to undertake an acquisition using securities as consideration, to conduct a capital raising, or for other purposes.

If Resolution 9 is not passed, the securities will be included in calculating the Company's combined 15% limit in Listing Rule 7.1, effectively decreasing the number of equity securities the Company can issue without Shareholder approval over the 12-month period following the date of issue of the securities.

In accordance with the requirements of ASX Listing Rule 7.5, the following information is provided to shareholders to allow them to assess Resolution 9:

- a) A total number of 5,534,000 Options were allotted and issued.
- b) The Options were issued at an issue price of \$0.00001 per share.
- c) The Options were issued to brokers engaged by CPS Capital, a leading Perth based boutique Corporate Finance and Stockbroking firm, acting as the Lead manager of the Placement, who introduced the Placement to their clients. The nominees are unrelated to the Company.
- d) The Options were issued for cash consideration.
- e) The Options issued were for exercise on or by 31 May 2023 at an exercise price of 20 cents for the Company's fully paid ordinary shares and if exercised will rank equally in all respects with the existing fully paid ordinary shares on issue.
- f) The Options were issued pursuant to the Placement mandate to raise \$3.25 million (before costs) to fund the Company's operations.
- g) The securities were issued on 27 May 2021.
- h) A Voting Exclusion Statement has been included for the purpose Resolution 9.

## 7. Additional Placement Capacity

### Resolution 10 Special Resolution – Additional 10% Placement Capacity

The Company previously obtained the same approval under ASX Listing Rule 7.1A at the previous AGM and **did not use the 10% Placement Facility**. The company currently has no plans to use this additional placement capacity. This special resolution is put to members so that the Company retains a high level of capital raising flexibility to meet significant opportunity.

Listing Rule 7.1A enables “eligible entities” to seek the approval of shareholders to issue Equity Securities of up to 10% of its issued share capital through placement over a 12-month period after the Annual General Meeting. The 10% Placement Facility is in addition to the Company’s 15% placement capacity under Listing Rule 7.1 and will only be issued if Resolution 10 is passed at the Annual General Meeting.

An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less.

The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility, without subsequent Shareholder approval and without using the Company’s 15% annual placement capacity granted under Listing Rule 7.1.

If Resolution 10 is approved as a **special resolution**, the Company will be able to issue ‘equity securities’ under Listing Rule 7.1 and 7.1A without further shareholder approval such that the Company’s total annual placement capacity will be up to 25% of its issued capital.

If Resolution 10 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without shareholder approval provided for in Listing Rule 7.1 and will remain subject to the 15% limit on issuing equity securities without shareholder approval set out in Listing Rule 7.1.

The proposed allottees of any Equity Securities under the 10% Placement Facility are not as yet known or identified. In these circumstances, Shareholders must consider the proposal on the basis that they may or may not get a benefit and that it is possible that their holding will be diluted and there is no reason to exclude their votes.

### Description of Listing Rule 7.1A

#### (a) General

- **Shareholder Approval**

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting. Hence, at least 75% of votes cast by Shareholders present and eligible to vote at the Annual General Meeting must be in favour of Resolution 10 for it to be passed.

- **Equity Securities**

Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

ASX Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

**(A x D) – E**

A = The number of fully paid ordinary shares on issue at the commencement of the 12 months immediately preceding the date of issue or agreement to issue:

- plus the number of fully paid ordinary securities issued in the 12 months under an exception to ASX Listing Rule 7.2 other than exception 9, 16 or 17;
- plus the number of fully paid ordinary securities issued in the 12 months period prior to the proposed date of issue (**Relevant Period**) on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:

- the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
- the issue of, or agreement to issue the convertible securities was approved or taken under these rules to have been approved under ASX Listing Rule 7.1 or 7.4;
- plus the number of fully paid ordinary securities issued in the Relevant Period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:
  - the agreement was entered into before the commencement of the Relevant Period; or
  - the agreement or issue was approved, or taken under these rules to have been approved under ASX Listing Rule 7.1 or rule 7.4;
- plus the number of partly paid ordinary securities that became fully paid in the relevant period,
- less the number of fully paid ordinary securities cancelled in the Relevant Period

Note that A has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D = 10%

E = the number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the last 12 months immediately preceding the date of issue of the shares where the issue or agreement has not been subsequently approved by the holders of its ordinary securities under ASX Listing Rule 7.4

The following information is provided to shareholders for the purposes of obtaining shareholder approval pursuant to ASX Listing Rule 7.3A:

**(b) Minimum Issue Price**

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the volume weighted average market price ("VWAP") of Equity Securities in the same class calculated over the 15 trading days immediately before:

- the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the securities; or
- if the Equity Securities are not issued within 10 Trading Days of the date in the paragraph above, the date on which the Equity Securities are issued.

**(c) 10% Placement Period**

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A commences on the date of the annual general meeting at which the approval is obtained and expires on the first to occur to the following:

- the date that is 12 months after the date of the annual general meeting at which the approval is obtained;
- the time and date of the Company's next annual general meeting; or
- the time and date of the approval by shareholders of ordinary securities of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

**(d) Risk of Voting Dilution**

If Resolution 10 is approved by shareholders and the Company issues equity securities under the 10% Placement Facility, existing shareholders voting power in the Company will be diluted as shown in the table below. There is a risk that:

- the market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of this approval under rule 7.1A; and

- the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date;

which may have an effect on the amount of funds raised by the issue of the equity securities.

As at the date of this Notice, the Company would have capacity to issue:

- 22,534,134 (150,227,562 x 15%)** ordinary shares; or
- 15,022,756 (150,227,562 x 10%)** ordinary shares on the basis that Resolution 10 is approved pursuant to ASX Listing Rule 7.1A,

The below table shows examples of possible dilution of existing shareholders, on the basis of the market price of \$0.12 per share on 19 May 2021 and the current number of fully-paid ordinary shares on issue of **150,227,562** as at the date of this Notice pursuant to the definition of variable "A" under ASX Listing Rule 7.1A;

Variable A as per ASX Listing Rule 7.1A2		Dilution		
		\$0.06 50% decrease in issue price	\$0.12 issue price	\$0.24 100% increase in issue price
<b>Current Variable A</b> 150,227,562 shares	10% Voting Dilution	15,022,756 shares	15,022,756 shares	15,022,756 shares
	Funds Raised	\$901,365	\$1,802,731	\$3,605,461
<b>50% Increase in Current Variable A</b> 225,341,343 shares	10% Voting Dilution	22,534,134 shares	22,534,134 shares	22,534,134 shares
	Funds Raised	\$1,352,048	\$2,704,096	\$5,408,192
<b>100% Increase in Current Variable A</b> 300,455,124 shares	10% Voting Dilution	30,045,512 shares	30,045,512 shares	30,045,512 shares
	Funds Raised	\$1,802,730	\$3,605,460	\$7,210.920

This table has been prepared on the following assumptions:

- All shares have been issued.
- the Company issues the maximum number of equity securities available under the 10% Placement Facility.
- the 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue.
- the table shows only the effect of issues of equity securities under ASX Listing Rule 7.1A, not under the 15% Placement Capacity under ASX Listing Rule 7.1.

**(e) Expiry of approval**

The Company will only issue and allow the Equity Securities during the 10% Placement Period detailed in paragraph (c).

**(f) Purpose of new issues**

The Company may seek to issue the equity securities for cash consideration. As disclosed in recent ASX announcements and reports, the Company is actively pursuing further growth opportunities. Any funds raised using this additional 10% capacity may be used to grow the business and/or additional working capital to fund growth opportunities.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A (4) and 3.10.3 upon issue of any equity securities. In the event Resolution 10 is approved, when the Company issues Equity Securities pursuant to the 10% Placement Facility, it will:

- state in its announcement of the proposed issue under rule 3.10.3 or in its application for quotation of the securities under rule 2.7 that the securities are being issued under rule 7.1A; and
- give to ASX immediately after the issue a list of names of the persons to whom the entity issued the equity securities and the number of equity securities issued to each. This list is not for release to the market.

**Allocation Policy**

Allocations will be made by the Company dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. Allocations will be made considering, amongst other factors, the following:

- The time frame over which the Company will make placements under the approval;
- any specific intentions in relation to parties that it may approach to participate in a placement of equity securities;
- whether the Company will offer securities to existing security holders or any class or group of existing holders; and
- whether the securities will be offered exclusively to new investors who have not previously been security holders in the Company.

The identity of the allottees of equity securities will be determined on a case-by-case basis having regard to the factors including, but not limited to, the following:

- the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- the effect of the issue of the equity securities on the control of the Company;
- the financial situation and solvency of the Company; and
- advice from corporate, financial and broker advisers (if applicable).

The allottees under this facility have not been determined as at the date of this notice but may include new or existing shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new assets or investments.

**(h) Detail of new issues under Listing Rule 7.1A for previous year**

The Company previously obtained approval for its Shareholders pursuant to ASX Listing Rule 7.1A at its Annual General Meeting and the Company has not issued any fully paid ordinary shares pursuant to this previous approval.

**(i) Voting Exclusion Statement**

A voting exclusion statement is included in the Notice for the purpose of Resolution 10.

**Voting Information:**

**Voting Entitlement at the Annual General Meeting in accordance with Regulation 7.11.37 of the Corporations Regulations 2001.**

For the purpose of determining a person's entitlement to vote at the Annual General Meeting, a person will be recognised as a member of the Company and the holder of shares if that person is registered as a holder of those shares at 11.00 am (Sydney Time) on 14 July 2021, being within 48 hours of the Annual General Meeting.

#### **Votes of Members**

On a show of hands, each member present in person or by proxy (or, in the case of a body corporate, by a representative) at the Annual General Meeting shall have one vote.

On a poll, every member present in person or by attorney or by proxy (or, in the case of a body corporate, by a representative) shall have one vote for each share held provided that all shares are fully paid.

#### **Voting**

Please note that for a resolution to be passed, except where otherwise indicated, a simple majority of votes from shareholders attending in person or voting by proxy is required.

#### **Amendments to proxy voting**

Shareholders are advised that the Federal government has introduced the *Corporations Amendment (Improving Accountability on Director and Executive Remuneration) Act 2011* (Cth) (the **CA Act**), which came into effect on 1 July 2011. The CA Act introduced new prohibitions on Key Management Personnel and their Closely Related Parties from voting their shares (or voting undirected proxies) on, amongst other things, remuneration matters.

However, the chair of a meeting may vote an undirected proxy (i.e. a proxy that does not specify how it is to be voted), provided the shareholder who has lodged the proxy has given informed consent, in the form of an express voting direction to the chair to exercise the undirected proxy, even if the resolution is connected with the remuneration of a member of Key Management Personnel (**Informed Consent**).

In light of these legislative requirements, the Company recommends that shareholders consider the following options to ensure the validity of their votes:

- a) that shareholders direct proxies on a remuneration related resolution instead of leaving them undirected; or
- b) that shareholders nominate a proxy who is not a member of Key Management Personnel or any of their Closely Related Parties to vote on a remuneration related resolution; or
- c) that shareholders who wish to vest their undirected proxies in the chair on a remuneration related resolution ensure that they follow instructions provided on the proxy form in order to provide Informed Consent.

#### **Attendance at the Meeting – Covid-19 Restrictions**

The Company advises shareholders that the Meeting will be held in compliance with the Australian Government's restrictions on public gatherings. The Company strongly encourages all shareholders to vote by directed proxy rather than attend the meeting in person. Proxy forms for the Meeting should be lodged before 11am (Sydney time) 12 July 2021.

Should you have any questions regarding the meeting or wish to withdraw a proxy form you have submitted after considering the attached documents, please contact us on (02) 9251 7177 or email us at [corporate@australianbauxite.com.au](mailto:corporate@australianbauxite.com.au).

If the above arrangements with respect to the Meeting change, Shareholders will be updated via the ASX Market Announcements Platform and the Company's website <http://www.australianbauxite.com.au/>.
